RENOVATIONS
BUILDING FUTURES. TRANSFORMING LIVES.

Home Maintenance & Safety Program

At Hope Renovations, we inspire hope in women, gender-expansive folks, and the 55+ community for a joyful and fulfilling future.

We do this by empowering women to pursue living-wage jobs in the construction trades via our hands-on training program, while our construction program provides repairs and renovations that enable older adults to stay in their homes as they age.

Our maintenance program includes quarterly visits to address common home maintenance requirements.

3 Bolin Heights, Chapel Hill, NC 27514

(919) 960-1957
